MEMORANDUM FOR All AFOSI IMAs

FROM: AFOSI/RE  
1535 Command Drive, Ste B304  
Andrews AFB, MD 20762

**SUBJECT: The AFOSI Reserve Affairs Intranet and Public Web Site**

Since taking over this position as the Program Manager for AFOSI Reserve Affairs in August 2003, I've received numerous complaints about the IMAs inability to get up-to-date information about the AFOSI reserve program. During the Command Training Assemblies, we promised you we would make significant changes to remedy this problem. I'm pleased to announce we have revised the AFOSI websites:

AFOSI Intranet: <http://afosi-web.ogn.af.mil/re/>  
(Accessible through OSI LAN only)

AFOSI Public: <http://public.afosi.amc.af.mil/re/index.asp>  
(Accessible from your home computer)

The information and content on both sites will be almost identical but necessary screening and removal of Privacy Act information is required for public access. We have a contractor on-staff to revise, develop and maintain the sites. We advise that you check the sites regularly for IMA personnel information, changes in procedures, assignments, potential Man-days, briefings, promotions and retirements, news from ARPC, travel information and forms, and current announcements.

Your feedback allows us to develop and modify our website to meet your needs and improve our sites. You can email your suggestions by selecting the "Contact Us" link, which allows you to send an email directly to AFOSI/RE. We are somewhat limited in terms of what we can place on the public site (privacy concerns and space) but will consider your suggestions.

The websites will become one of our primary communication links to you as a group. However, we will occasionally continue to send information via emails and letters. Thanks again for all you do for our great Air Force.

[Signed]  
CONSTANCE O. TAYLOR, COL, USAF  
DIRECTOR, RESERVE AFFAIRS  
AFOSI/RE
